

Procedura de schimbare a parolei.

Dupa ce procedura de logare in cont a fost urmata:

1. Din sectiuna "Profil":
 - se va selecta optiunea "Securitate" pentru a putea selecta optiunea "Schimba parola"

The screenshot shows the 'ADMINISTRARE PROFIL' (Profile Management) page. At the top, there is a blue header with the title 'ADMINISTRARE PROFIL'. Below the header, there are several tabs: 'Anunturi', 'Competitiile mele', 'Inscrieri / retrageri', 'Penalizari', and 'Profil'. The 'Profil' tab is selected. Underneath, there are three sub-sections: 'Date personale', 'Securitate', and 'Date inregistrare'. The 'Securitate' section is active, displaying the current password as '*****' and the email as 'ionescuana@yahoo.com'. To the right of the password field is a link labeled 'Schimba parola', and to the right of the email field is a link labeled 'Schimba e-mail'. Red arrows point from the text in the first step to the 'Profil' tab, the 'Securitate' sub-section, and the 'Schimba parola' link.

2. Urmatoarea pagina va fi afisata:
 - se va introduce parola veche.

The screenshot shows the password change form. It consists of three input fields: 'Parola veche' (Old password), 'Parola noua' (New password), and 'Confirma parola noua' (Confirm new password). Below the input fields is a blue button labeled 'Salveaza' (Save). Red arrows point from the text in the second step to the 'Parola veche' field, the 'Parola noua' field, and the 'Salveaza' button.

- se va introduce parola noua.
- pentru a procesa noile modificari se va apasa "Salveaza".
